

Nursing-Immunization Menu, Updating non-MCCG immunizations

Go to the Immunizations Menu:

Click the History Button in the LOWER-Right of the screen

Click Add to Selections Button in the UPPER-Left of the pop up screen:

Select an item and choose ADD button:

Enter, at minimum, the **Source of Historical Info** and **Administration Date**. Enter other data if available then Choose **Chart**:

A screenshot of a large input form titled 'Document Immunization Administration'. It includes fields for 'Source of Historical Info' (with a dropdown menu), 'Administration Date' (a date picker), 'History Location/Person' (a dropdown menu), 'Immunization' (a dropdown menu set to 'hepatitis B adult vaccine'), 'Vaccines For Children Status' (a dropdown menu), 'Product' (a dropdown menu), 'Funding Source' (a dropdown menu), 'Vaccine Information Statement' (a dropdown menu), 'VIS Published' (a date picker), 'VIS Given' (a date picker), 'Dose' (a dropdown menu), 'Unit' (a dropdown menu), 'Route' (a dropdown menu), 'Site' (a dropdown menu), 'Manufacturer' (a dropdown menu), 'Lot Number' (a dropdown menu), 'Expiration Date' (a date picker), 'Immunization Type' (a dropdown menu), and 'Travel Destination' (a dropdown menu). At the bottom are 'Chart' and 'Cancel' buttons.

Data will display in Grid:

Previous Immunizations		<input type="checkbox"/> Hide Uncharted Records
Vaccine	Contraindicated	Admin Date
pneumococcal 23-polyvalent vaccine		6/4/2014
hepatitis B adult vaccine		8/5/2013
