Recommended Patient Specific Education for Physician/Provider

After a Diagnosis, other than Reason for Visit, is entered by a Provider the system will recommend Patient Specific Education.

1. From within a PowerNote in the Impression and Plan Section, click Education & Follow-up, click Patient Education:

Progress Note Standard X List		Education and Follow-up
X A Basic Information Basic Information Berview / Management Berview / Management Berview / Management PIDU HRP Plan Dx and Plan (sepeat) Bedescinent Services	Counseled	Patient / Family / Friend / Diagnosis / Treatment / Medications / OTHER
	Discharge Planning	Patient Education / Follow-up / OTHER Plan to discharge: to home / to SNF / in === days / OTHER

2. If not inside a PowerNote click the Patient Education button at top of screen:

3. Click the "Suggested" Filter:

4. The Diagnosis will trigger several Education appropriate pamphlets.

Age:32 years D08:9/1/1981
Language: English 💌

5. To select an item, double click it to send it to the "Selected Instructions" field, Instructions display in the right panel:

6. Scroll through instructions in the right panel to be sure that any blank fields are filled in specific to the patient:

7. Sign the instructions
